Attn. Mr President: Mr Scott Herman

To the Tribal Council

The Government of the Metropolitan City of Florence- Tuscany region- declare and confirm that Professor Dr Alessandro Martire since 1995 always declared to us, as Government, to the American Counselor of United States of America and to the public that, the juridical work he is doing pro bono as liaison assistant in Italy for the Rosebud Sioux Tribe, is only for the Rosebud Sicangu Nation and (in the past years) for the Oglala Sioux Tribe, and NOT for the Whole Lakota Nation; as intended for the other ethnical group of the Lakotas.

Moreafter Prof. Dr Alessandro Martire and the non profit Organization Wambli Gleska of Italy, since 1995 worked to protect, respect the lakota Spirituality in due respect of tribal resolutions nbr 44/98, remitted to this Government in 1998, and never has been done any actions of disrespects or exploitations, towards the Lakota culture and/or Spirituality.
